Two more Originals from Freemountain:

The Unicorn Hat & The Elephants;

Introducing yet two more irresistible ideas from the Freemountain line of wonderful things — our big, gray, plush pachyderm with pink satin ears, silky satin tusks, and pink satin feet. Like the other Freemountain animals, she has her own tiny baby snuggled up in her pouch. And, like all Freemountain originals, she's lovingly handmade, completely washable, and very durable.

Our Unicorn Hat is for those who want to become a legend in their own time. A shimmering satin horn tops a brilliantly colored cap. One size fits all. And Freemountain Hats aren't just wonderful, they're washable, too.

Freemountain. Unique, original, terrific.
